

# Mop System

**PROBLEM :** You strive to make your home a Safe Haven for your family and try to avoid tracking in pollution, pesticides, dirt and debris from outside. But even under the best circumstances, the floors of your home can harbor pollutants, chemicals, dust and bacteria.

**SOLUTION :** Rather than coat your floors with even more chemicals, harness the power of static electricity and water to get them completely clean—and keep them cleaner, longer!

## Description:

Keeping your home a Safe Haven can be challenging, especially with the amount of pollution, pesticides, dirt and debris you track in from outside. Replace your traditional messy mop and heavy bucket, and bring out the natural beauty of your home using only water.

## Features and Benefits Your Customers Will Love:

- Norwex Mop Systems clean floors using microfiber mop pads and water only.
- Perfect for a variety of floor surfaces as well as windows, walls and ceilings
- Dry Superior Mop Pads are constructed of Norwex Microfiber and use static electricity to draw, lift and trap even the tiniest particles of dirt and debris.
- Nylon and microfiber give the Tile Mop Pad extra scrubbing power.
- Norwex Microfiber in the Window Cloth, Tile and Wet Mop Pads has the ability to remove up to 99% of bacteria from a surface with water only when following the proper care and use instructions.
- The Wet and Window Cloth Mop Pads contain Norwex's exclusive BacLock<sup>®</sup>\* agent.
- Two of the Wet Mop Pads are made from 70% recycled materials.
- Two of the Dry Mop Pads are made from 50% recycled materials.

- Mop pads can be easily switched to suit the purpose.
- Mop Base can be locked into position to easily clean windows and ceilings.
- Telescopic Mop Handle also fits our bendable microfiber EnviroWand<sup>®</sup> to clean ceiling fans.
- Floors are safer for children and pets—No harmful chemical residues remain when mopped with water.
- One mop pad cleans the entire floor, saving time.
- No heavy pail to carry makes mopping easier.
- Floors and/or windows dry quickly and stay cleaner longer with no chemical residue to attract and hold dirt and grime.
- Adjustable Telescopic Mop Handle easily reaches ceilings, walls and high windows as well as floors.
- Use the Window Cloth Mop Pad, Mop Conversion Kit and/or the Ergo-Bend to extend your cleaning power even more!

<sup>†</sup> Included in the Party Starter Kit.

### Demo Tips:

- Demo Dry Mop Pad on Host's floor, brushing clean with the Rubber Brush. Point out that debris won't easily shake out of the mop pad, due to the microfibers' tight hold on the particles.
- Show how easy it is to adjust the height of the Telescopic Mop Handle.
- Point out that the Wet Mop Pads may drag a little the first time they are used because they are removing leftover residue from the floor.

- Show how easy it is to remove and replace mop pads on the Mop Base.
- Demo the Chenille Mop Pad on a baseboard, or with the Ergo-Bend under a Host's couch.
- Point out how the Nordic Naturals Superior Mop Starter System includes mop pads made with up to 70% recycled materials and that the color palette is inspired by our Norwegian heritage.
- Demo the scrubby power of the Tile Mop Pad on a high-traffic area, like a tiled hallway.
- Show guests how the EnviroWand attaches to the Telescopic Mop Handle to reach high ceiling fans and ledges.

### Caring for Microfiber:

- Slightly dirty Dry Superior and Chenille Mop Pads may be cleaned using the Rubber Brush.
- All slightly dirty mop pads can be washed with Norwex Dishwashing Liquid under warm running water and used again before laundering.
- Mop pads that have been used heavily should be laundered using a Norwex laundry detergent, which contains no fillers.
- For tough stains, pre-treat with Stain Remover or use Microfiber Cleaner Laundry Booster.

- Do not use bleach, fabric softeners or dryer sheets.
- Rinse thoroughly after washing and air or machine dry.

### Did You Know?

- Clean wood or laminate floors with minimal moisture. Using too much water may cause the wood to swell and can result in streaks on flooring.
- Mop pads can be rinsed in the sink, if necessary; however, you may be surprised to see that one mop pad can clean your entire floor.
